LEGISLATIVE COUNSEL'S DIGEST

AB 725, as amended, Floyd. State employees: memorandum of understanding Physician and surgeons: inmate complaints.

Under existing law, the Division of Medical Quality investigates complaints from the public of unprofessional conduct by a physician and surgeon. Existing law also makes the Director of Corrections responsible for the supervision, management, and control of the state prisons and the care, custody, and treatment of their inmates.

This bill would authorize the Director of Corrections to receive from any inmate or former inmate, or any person acting on behalf of any inmate or former inmate, any complaint relating to any medical treatment or mental health services provided by a physician and surgeon during the inmate's or former inmate's incarceration and refer it to the Division of Medical Quality, provided that the Department of
